Ecofilt 150

Technical Parameters

No.	Parameter	Description
1.	Fabric technical name:	Art.No. 04744-0003-RECY
2.	Type of fabric:	Non-woven textile
3.	Type of raw material:	100% Post-Consumer Recycled Polyester (rPET), non-woven
4.	Fabric weight:	120gm ²
5.	Maximum print width	160, 320 cm
6.	Thickness	0.50 mm
7.	Shrinkage	Length < 2.5 % Width < 0.5 %
8.	Calender	195 °C, 42 Seconds

Ecofilt 150

Ecofilt 150 is a sustainable non-woven textile developed for protective and branding applications in industrial and logistics environments. It is widely used for fence covers, pallet covers, and alarm covers, providing effective visual coverage and surface protection.

The material combines lightness with structural stability, making it easy to handle and install while maintaining reliable performance. As a recycled solution, Ecofilt supports environmentally responsible projects without compromising functionality.

Printing technology:

	Direct sublimation	Transfer sublimation	UV
Printing compatibility	✗	✓	✗

Compatible product

Fence

Palet Cover

Alarm Cover
