

PolyMesh 110

Technical Parameters

No.	Parameter	Description
1.	Fabric technical name:	Knitted Fabric 2084/DCB
2.	Type of fabric:	Knitted fabric, Three bar knitting
3.	Type of raw material:	100 % PES (100% POLIESTER)
4.	Fabric weight:	115gm2
5.	Maximum print width	3m

PolyMesh 110

PolyMesh 110 is a lightweight knitted polyester mesh designed for digital printing applications. Its open structure allows air to pass through, reducing wind load and making it ideal for banners and outdoor signage.

The fabric combines durability and flexibility with a print-friendly surface, ensuring reliable performance in large-format advertising installations.

Printing technology:

	Direct sublimation	Transfer sublimation	UV
Printing compatibility	✗	✓	✗
